## Materials

Name	Company	Catalog Number	Comments
2% lignocaine in an ampoule			Intended for interventional radiologist (section 3)
Access to Angio Suite for Minimally Invasive Vascular Surgery			Intended for interventional radiologist (section 3)
Angiographic set	Balton	INT5F	(5 Fr sheath, needle, guidewire) Intended for interventional radiologist (section 3)
Angiographic kit	Panep	44000291	(Sterile Disposable Angiography DRAPE) Intended for interventional radiologist (section 3)
Cervical (PAP) smear kit			Intended only for the gynecologist (section 1)
Diagnostic lab (possibility to use)			Necessary to perform laboratory tests (section 1, 2 and 5)
Disinfectant			Intended for interventional radiologist (section 3)
Dressings			Intended for interventional radiologist (section 3)
Embozene 700 µm	Varian Medical	17020-SI	(Particles) Intended for interventional radiologist (section 3)
Epidural anesthesia kit			Intended only for the anesthesiologist (section 3 and 4)
Equipment for gynecological examination			Intended only for the gynecologist (section 1 and 2)
Intravaginal antibiotic			Intended for the gynecologist or vascular surgeons (section 2)
Intravenous antibiotic			Intended for the gynecologist or vascular surgeons (section 2)
Intravenous nonsteroidal anti-inflammatory drug			Intended for the gynecologist or vascular surgeons (section 4)
Morphine in ampoules			Intended for interventional radiologist and gynecologist or vascular surgeons (section 3, 4)
MRI lab (possibility to use)			Intended for interventional radiologist (section 1 and 2)
Oral anxiolytic			Intended for the gynecologist or vascular surgeons (section 2)

Oral Furazidin			Intended for the gynecologist or vascular surgeons (section 4)
Oral Paracetamol or nonsteroidal anti-inflammatory drug			Intended for the gynecologist or vascular surgeons (section 4)
Pain Assessment Card			Intended for the gynecologist or vascular surgeons (section 4)
Patient Controlled Analgesia Pump			Intended for the gynecologist or vascular surgeons (section 4)
Progreate Microcathete PROGREA 2.7 Fr x 130 cm STR w/Marker + GW 100 mm x 2.7 Fr	Terumo	MC-PE27131	(Microcatheter) Intended for interventional radiologist (section 3)
RADIFOCUS GUIDE WIRE M Standard Angled 0.032"/0.81 mm 180 cm 30 mm flex	Terumo	RF-GA32183M	(Guidewire) Intended for interventional radiologist (section 3)
RADIFOCUS OPTITORQUE 5 Fr x 80 cm Cobra 2 Middle SH0	Terumo	RH-AB55108M	(Catheter) Intended for interventional radiologist (section 3)
RADIFOCUS OPTITORQUE 5 Fr x 80 cm UFE Type 1 19 SH0	Terumo	RH-AUB5108M	(Catheter) Intended for interventional radiologist (section 3)
Rectal nonsteroidal anti-inflammatory drug			Intended for the gynecologist or vascular surgeons (section 2, 4)
Shaving kit			Intended for the gynecologist or vascular surgeons (section 2)
Single-use Endometrial Biopsy Kit			Intended only for the gynecologist (section 1)
Solution of 0,9% NaCl			Intended for the gynecologist or vascular surgeons (section 4)
Ultrasound machine with 3D-transvaginal probe			Intended only for the gynecologist (section 2 and 5)
Ultrasound machine with transvaginal probe			Intended only for the gynecologist (section 1 and 2)
